GRIFF C. LEE, B. S. .... Prentiss, Miss.

Although he came to us in 1914, he was out two years in the army, serving nine months in France, and comes back to take his degree with the class of '20. Griff, because of his athletic ability and because of his engagement in the activities of college life, has had many honors given him. Because of these he was elected captain of the football team this year, and is also president of the class of 1920.

IRVING ELDRIDGE ROUSE, B.S. .... Poplarville, Miss.

"Pug" first saw the gleam of day at Hillsdale, Pearl River County, Mississippi, on a bright September morn during a year of the last decade of the nineteenth century. He finished Pearl River A. H. S. in the spring of 1915. That he has a brilliant future ahead of him in the political game, his chosen field of activity, is evidenced by the fact that his home county has already honored him with the position of Representative in the State Legislature.

# 19 *L'Allegro* 20

HUBBARD HOYT HARGROVE, B.S. ....Shubuta, Miss.

"Preacher" Hargrove came to Mississippi College from Clarke County. No finer fellow ever came to the grand old institution than H. H. Hargrove. Preacher and athlete, happy yet serious, he is loved for his kindness, he is admired for his gentlemanly conduct and he is respected for his profound intellect.

ALLEN B. PUCKETT, B.S. ....Columbus, Miss.

"Ole Puck" has been with the gang through thick and thin. He was here in the spring of '18 when the famous "65" went home. More than that, gentlemen, he was here until he got the goat he was after and the "sheep skin" to camouflage it withal. Puckett was one of our class who got along with a small amount of friction. In fact, he got his diploma salted away by Xmas of this past year and went home for a rest until graduation time. He is away now, and we don't know what all he did take part in; but he was deeply interested in all of the college activities and respected by all who knew him. The world has now to make place for a real business man.

# 19 *L'Allegro* 20

HASKELL R. BALDWIN, B.S. .... Moscow, Tenn.

"Ted" like some of our other best fellows, hails from the volunteer state. Although he is not an athlete he has won a place in our hearts that usually takes an athlete to win. He is small in stature only, for it can be said of anything he does that it was a big boy's job and well done. We can't say that he is timid but there seems to be something about a girl that worries him. He says that he intends to be an old bachelor but if he does he will have to turn over a new leaf and put a ban on society to make us believe it.

ERNEST M. STEWART, B.S. .... Liberty, Miss.

Somewhere in the county of Amite the subject of this sketch was born. He graduated at liberty High School with first honors. He then spent several summer terms at L. S. U. He entered the Sophomore Class in the fall of 1915 and was soon recognized as a young man of unusual ability. Stewart was one of the first to respond to the call when war was declared. He was commissioned in the Field Artillery. He is one of the best students of his class and a gentle man in every respect.

EDGAR E. BALLARD, B.A.....Tupelo, Miss.

One chilly September morn in 1917 a terrific storm came from the North. The wind blew, the lightning flashed and the rain poured. Finally it ceased. We began to look about and soon discovered that "E-Square" had been caught up by this mighty wind from Mississippi Heights and left in our midst. Hardly had he made his appearance on the campus when he began to take an active part in athletics, a little politics and 'Stute receptions. Ballard is highly esteemed by each one from Dr. Dutchy down to the first year "preps". Since coming to us he decided to give his life to the ministry.

ROBERT OSCAR BANKSTON, B.A.....Clinton, Miss.

In Smith County, during the nineties, this quiet unobtrusive young man was born. He graduated from Smith County A. H. S. in '15, after which he taught for one year; then feeling the call to preach, he came to Mississippi College in '16. Since that time he has labored, tirelessly, industriously, and earnestly. His kindly word, friendly manner, and studious habits have won for him a place in the hearts of the professors and students alike. He is a man of deeds, and not of words. He is married, and to his wife he owes a great deal of his success. He is pastor of County Line and Morgantown Churches. His faithfulness to duty, untiring efforts, and high and noble ideals insure his success as a minister.

Treasurer of B. Y. P. U. Hermenian.

# 19 *Allegro* 20

JOHN OTHO WATKINS, B.S. .... Lena, Miss.

Watkins successfully crossed the foot-log from the railroadless County and reached Mississippi College in the fall of 1914, coming from the Leake County A. H. S. He has always been a hard worker and has proven his worth to all who have known him. He possesses untiring grit, a will of iron, and always assumes a cheerful attitude, thus naturally he takes well with his comrades. He has always been an ardent supporter of all college activities, doing well any work assigned to him. He has proven without doubt his grit in working his way through A. H. S. and college. When Uncle Sam wanted men for the world's war he responded and soon landed in France where he remained over a year in the Medical Corps of the Army.

"Mareus" came into this world with the April showers of 1900. He entered school here in the fall of 1917, coming from Lafayette County A. H. S. where he received his high school training. Besides his three years of literary work he has showed up well on the "gridiron" and on the basketball court and also as an active member of the "tar heel" club. Although Bush lives in the town of the state University, he chose Mississippi College instead; and is not grieved over his choice. He has the qualities of a good business man, and we know he will succeed.

"Private" entered Mississippi College in the fall of 1917. He came to us from Prentiss (thought to be in Jeff Davis County), where he was born July 12, 1900. Dale has been a popular man in college and his friendship both with the faculty and student body, reflect credit upon himself and upon his conduct. Not only is he a good student but he is always with the crowd that keeps life from growing dull.

"Little Sheep" soon won the friendship of the entire student body with his ready smile and cheerful greetings and he has continued without a peer to be the best friend-maker in Mississippi Collgee. From the very start his athletic career has been a stellar one, having made his "M" in every kind of athletics. Besides, he has been a good student and a promoter of business enterprises. With these assets and his big ideas we predict for him a most wonderful and enviable future.

Farr has been an excellent student in all phases of college life and he has made a host of intimate friends. He has shown a keen intellect in the class room, where his ability to think quickly, accurately and clearly has been conspicuous throughout his college course. His brilliancy is rivaled only by his remarkable popularity.

OTHO A. EURE, B.S. .... Hattiesburg, Miss.

Otho A. Eure, commonly known as "Big Sheep", the senior member of the Eure brothers, so well known and so popular with the student body, came to Mississippi College in the fall of 1915, beginning his college course as a member of the Freshman Class. Eure has been a good student, a hustling business man, a good friend-maker, a deep thinker, an able debater, and has gained for himself a most enviable reputation while here in college. He has been, first, last, and always, a friend to the boys, in whose hearts he has made an everlasting impression. Eure should feel proud of his college record, and if the past can be made a basis on which to advance a prediction for the future, then be it said that a bountiful treasure of success awaits the brief elapse of time.

WILLIAM T. HEAD, B. S. .... Terry, Miss.

"W. T." was ending his Junior year in college when the call for young men came and Willie marched off with Uncle Sam's forces where he remained for two years. At the opening of the present session he re-entered school to take his last year. Head is quiet and unassuming. His genial disposition and sunny nature have made for him friends of the student body and faculty. By diligence he has endowed his future with bright prospects in whatever profession he enters.

We find in him a friend, A MAN, quiet, modest, unassuming, unaffected, sagacious and prudent with capabilities rarely excelled. Faithful in every trust, determined in every undertaking, he has won the esteemed admiration of all who know him. Watch him succeed.

DIAS T. HOLLIS, B.A. .... Walnut, Miss.

Diaz first made his appearance in Tippah County back in the later days of the nineteenth century. After graduating from the High School of his home town, he entered Mississippi College in September, 1914. When he was closing out his Junior year the call to arms came and Hollis was one of the first men to respond to his country's call, and for two years he followed Old Glory and did his bit to "Make the world safe for democracy". He came home from France in July, 1919, and when the session opened that fall Hollis was knocking at the college door, ready to complete his course. Mississippi College has had few better students than Diaz. His record has been one of the best. Hollis is loyal to his college, loyal to his friends and above all, loyal to God.

When the college opened in 1916 he was one of the many who classed Freshman and he has grown in wisdom and in stature; in favor with God and man. A good student, a good athlete, and an all-round good fellow makes him one of the best liked men in school. He has a peculiar craving for Greek while his favorite professor is Dr. Aven. A. A. MANGUM, B.S. .... Magee, Miss.

Mangum came to us in the fall of 1916, and happily lined up with the Freshmen for real work. His college work was broken up by war and he went over on the entertainment committee to the Kaiser. He is back with us this year for his degree. He is one of the few men to take the prescribed college course in three years, entering Mississippi College in the fall of 1917. Although Maxwell is not an active participant in athletics, he is one of the most enthusiastic "rooters", and is one of the best men in the college. By his courtesy and friendliness to all, he has won to him the whole of his college and a large part of the "Stute". For him we predict a great success as a business man.

WILLIAM WARNER McCUNE, B.A.....Vaiden, Miss.

"Mack" hails from Carrol County, coming there in the late forties from nobody knows where. It is rumored that he was class Valedictorian back there somewhere. And then he landed down here with a heart full of sympathy and a muscle for work. And he has done it. Then he grew tired of school and fiddled around in the trenches in France for a good while; and when they quit over there, he beat it back here. The Hermenians think a lot of "Mack" in a sure-enough way; he's Second Orator with them; and a bully good scout with the rest of the school.

Member of the A. E. F. Club; American Legion; Hermenian Anniversary ticket, '19-'20.

WILLIAM McKINLEY NOLEN, B.S.....Oak Ridge, La.

Oak Ridge, Louisiana, has the honor of being the birthplace of this young man. "Jolly" has a personality that wins the hearts of all those whom he meets. Although a member of the famous "Tar Heel Club" he never let 'Stute walking interfere with his study and he has proven to be a good student and an all-round athlete. As an athlete he has shone brilliantly on the diamond and has made a record of being the most consistent infielder the college has ever had. Without hesitancy we predict the same glorious success in everything he attempts.

"Norris", alias "Turner", has been a man among men since his advent in Clinton. He has had full time church work during his entire sojourn among us and has done wonderful work in every department of the college; debating, orating and "prepping", with a dip of the brush in "LOVE" occasionally, has been his program in college activities. Turner can be relied upon to the core; he is foursquare, progressive, and able. He will be of great service to denomination in the future.

Member of the band during his entire time here; First Orator of the Hermenians in '18-'19; Business Manager of the Collegian the same year; Glee Club Press, '19-'20; Literary Editor L'Allegro, '19-'20; Representative State Oratorical Contest, '19-'20; President State B. Y. P. U. Convention, '18; President Baptist Student Missionary Movement for Mississippi; Member Board of Managers of B. Y. P. U. of America.

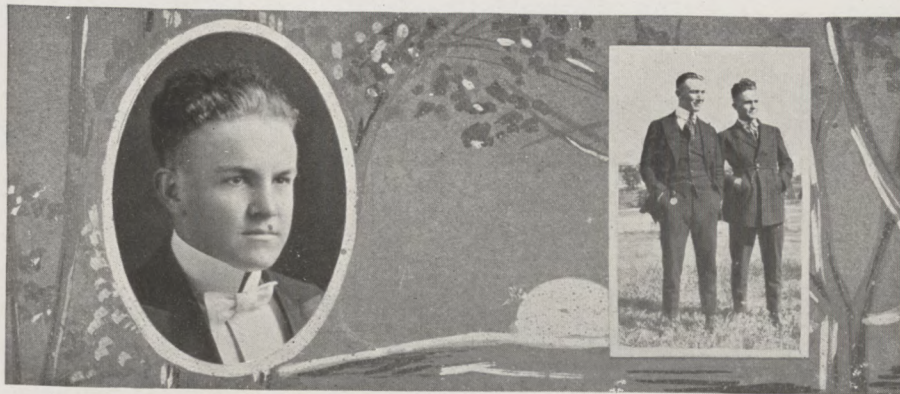

CHARLES GORDON SNYDER, B.S.....Clinton, Miss.

Charles, much better known as "Wee Willie", was born at Delhi, La., in 1900. (The little rat.) He poked his head in the Academy doors in '13, and kindly liked the place here. So he stayed. "Wee Willie" is a quiet, unassuming lad that makes his way by merit rather than by show and noise. All of us like him, Dr. Aven included, and Tite included. His pie is baseball; and he has been digging at it so long that we fear he would blow up if he couldn't get at it once in a while.

Varsity baseball for the last two years; "M" Club; A blue-blooded Philomathean; Class basketball, '17-'18; Patent on Village Cut-ups pending.

W. JAMISON PARKS, B.S. .... Hherman, Miss.

A more popular man never entered the doors of this institution. He is a real fellow in every way and has a friend in every member of the student body and faculty. Along with him comes a winning smile that has power at the 'Stute. "Gee" is an athlete of starring qualities and has made all of the Varsity teams. Math. is his battlefield where he always comes off more than victor. He is a good student from any angle, a man of integrity and an athlete unsurpassed.

Varsity baseball and basketball, '18-'19-'20; Varsity football, '19-'20; Vice-President "M" Club, '19-'20; Village Cut-up Club by all means.

T. B. RICHARDSON, B.S. .... Hattiesburg, Miss.

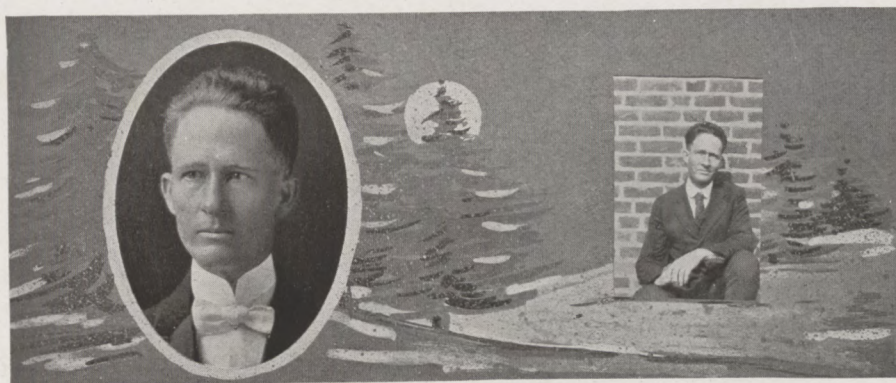

Richardson entered Mississippi College in the fall of 1916, taking up his work as a member of the Freshman class. His college course was interrupted by the war; he enlisted in the defense of his Country at an early date. Richardson made a record in the army of which he can be proud, being commissioned as Second Lieutenant in U. S. F. A., 1918.

His school work has been above reproach or adverse criticism—he is regarded both by student body and faculty as one of the soundest thinkers and one of the most logical reasoners who has ever attended the old institution. He has always been just, fair, and energetic in all the important phases of a well-rounded college career. He should be proud of the record he has made. The future holds great promises for him.

Philomathean; Member of Band; Member 140th F. A. Band; 2nd Lieutenant F. A., U. S. A.; Manager Clinton Normal, '19; Manager Jennings Hall, '19-'20.

NORRIS HALL ROBERTS, B.A. .... Carthage, Miss.

Roberts is hidden. I mean by that,—you can't tell how big a man he is by looking at him; his qualities consist in the mental and spiritual endowments which make men worth while. And Roberts is not so bad looking after,—and that is partially caused by rooming with Clyde-Breaker Jones. Roberts finished Madison County A. H. S. in '13. He tried to get even with his former teachers by becoming a teacher himself for three years. Then got mad because he couldn't and came here in '16. We were glad of it. His stay has been profitable to himself and us. Now he gets his degree and no telling what he will do—maybe persuade some poor girl to marry him.

President Hermenian Literary Society '18; Third Orator Hermenians, '20. Ministerial Student.

GEORGE MONROE SAVELLE, B.S. .... Dixon, Miss.

Savelle came to Mississippi College in the fall of 1914 and has been nothing less than a loyal supporter of all college activities during his college course. In the spring of 1917 he left college and entered the army, serving twenty-eight months. He returned this year to finish his course. He is always cheerful and has lots of pep. We know that Savelle will make good for he is a hard worker and has lots of sticktoitability. We expect to see him at the top of the ladder some day.

Sub-Marshal, Banner Bearer, '16-'17; Business Manager Collegian, '19-'20; Class football, '17-'18; Class baseball, '16-'17; Reserve football, '19-'20; Reporter Mississippi Collegian, '17-'18; Business Manager Y. M. C. Basketball, '19-'20. Vice-President Hermenians.

AMIOT P. HEWLETT, B.S. .... Water Valley, Miss.

Hewlett entered Mississippi College in the fall of 1917, beginning his school work as a member of the Freshman class. Truly, he has been a good student in all phases of college life, but it was in the field of science that he excelled so conspicuously. Hewlett is also a popular student, being held in esteem by both faculty and student body. His college work has been disposed of in a creditable manner, and he can justly retrospect with pride to his record made here—"in after years when he is old".

Philomathean, S. A. T. C. October to Detember, 1918; Teacher in Academy.

ROBERT EDDIE SCOTT, B.A. .... Ripley, Tenn.

"Eddie" was found among our Freshies in '14 where he didn't have any better sense than to stay until he goes away this year with a goat and a sheep skin. He came from the Winona High School where he made a good record. Since coming among us he has elevated, if such is possible, that standard. He moves mountains by his sturdy, plodding manner of going at a thing and sticking until it is done. He was with Battery E during the war and helped the party out in the way of fostering entertainment for the Kaiser.

Class football, '16-'17; Secretary Philos. '19-'20; Business Manager Collegian, '19-'20; Fellow in Chemistry; Graduates with Distinction.

WILBUR ROBERT SUMRALL, B.S.....Crystal Springs

Sumrall entered college in 1915, putting in two years before Uncle Sam called for the boys to go "Over there". He enlisted as a private but soon attained the heights of shavetailism, and as such was discharged. He came back here in January, '19. Wilbur is admired by all who know him. He is a good speaker, a thorough student, and a loyal supporter of the right. He expects to farm after finishing his course hereand we predict great success for him.

Vice-President Philomathean, '16-17; Business Manager Mississippi Collegian, '18-'19; Literary Editor L'Allegro, '18-'19; President Philomathean, '18-'19; Member Honor Council, '18-'19; Class baseball, '18-'19; Third Orator Anniversary, '19-'20. Distinction.

CHARLES CALHOUN PROVINE, JR., B.S.....Calhoun City, Miss.

Charles got his first whipping at the Big Creek High School, but not his last, for he attended the Mississippi Heights Academy at Blue Mountain after finishing at Big Creek. He entered here in the fall of 1916, and took his full four years' course, finishing with the class of '20. In him the college has a sturdy, hard-studying student and one who is liked by both preachers and crooks. Though we do not know what Charles will choose as his life's work, we are sure that he will achieve great success in it.

Class football, '17-'18; Class baseball, '18-'19; Class baseball, '19-'20; Member American Legion, Hermenian.

J. V. TINNIN, B.S. .... Clinton, Miss.

Tinnin began his college work here in '16. Since then we don't know where he has been beating it. He likes to travel pretty well. He was recognized at Baylor University as a man of ability and was given charge of the Glee Club, which he managed very successfully. He is a man of broad experience, commanding personality, fluent speech, and wide usefulness. He is the only man in college who pastors a full-time church, does his school work and gets away with a lot of outside work besides.

Physical Director, '16-'17; Chief Editor Mississippi Collegian, '16-'17; Philomathean Anniversary Ticket, '17; Manager Junior Class Football Team, '16; First Army in France, '18-'19; President Athletic Association, '19-'20; Senior Class Prophet; Choirster, '19-'20; Sporting Editor of the Mississippi Collegian, '19-'20; Manager Glee Club, '19-'20.

L. T. GRANTHAM, B.A. .... Vaiden, Miss.

To do Loyd and his merits justice would require a volume, but here we must content ourselves with a short chapter. Carroll County should be proud to claim this noble son. He graduated at Vaiden High School in 1916, and came to Mississippi College to prepare himself for his life's work. He is a thorough student, a splendid athlete, and able preacher, and a Christian gentleman. Grantham married in his Senior year and another year shall find him and his wife in the Seminary where they shall prepare themselves for missionary work.

DRAKE THOMPSON, B.S. .... Newton, Miss.

This smiling lad first saw the light of day in Webster County October 6, 1896. "Drake" entered Mississippi College in the fall of 1915. He was a star on the gridiron field for two years then responded to the call of the colors, where he served for two years as a Lieutenant for the duration of the war. He then returned to Mississippi College in '19 and finished this year with the highest esteem of the faculty and students. He is at all times with the boys in whatsoever they undertake to do.

Member American Legion, Secretary and Treasurer "M" Club; Varsity football, '15-'16, '16-'17, '19-'20.

### ORCHESTRA

During the sessions from 1914 to 1917 under the leadership of Director C. L. McDonald, Mississippi College has been building up a Music Club. Just when success was almost in sight the war came and called away the leader and most of the men. When the present session opened it found the director back and several of the old men also, to join the fellows who had been working during the war. Hard work, new instruments, and grim determinations to succeed in spite of obstacles has made the club worth while this year. The future is indeed bright. Our goal is the best college club in the state.

Coach Frank G. Anderson

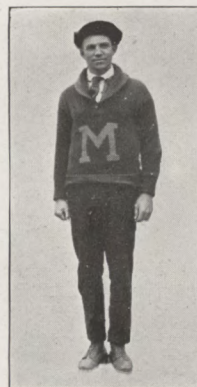

There is no man in our midst whose influence for good touches more men with red blood than does Coach. He has made a success coaching all the teams in athletics this year. He stands rigidly for clean, wholesome fighting on the field; he is a gentleman in the game when his machine wins and when it loses. He is up and on again after the hardest defeat. His efforts have been hard put, stayed by and watched after and have been consummated in victory, yielding to him enormous credit for his work on the athletic field this year.

## No. 1. CAPTAIN LEE, Quarter

"Griff" is the best man in many respects M. C. has ever had. His three years with the team has been without a parallel, for he has not had sufficient injuries in his entire career to keep him from playing in every game of the season, although he gets more tackles than any other man on the team.

He was one of the star ends of the famous '16 team. But recognizing his generalship, Coach ran him at Quarter this season with equally satisfactory results.

## No. 2. KING, Tackle

Baby John is the life of the team on all of the trips, as well as on the gridiron. He played stellar ball this season. He did not meet a tackle even among the all southern "barkers" that was his equal. "Baby" is a senior, but has not played but three years. We hope he will decide to take his M.A. at his "Alma Mater" for we need him.

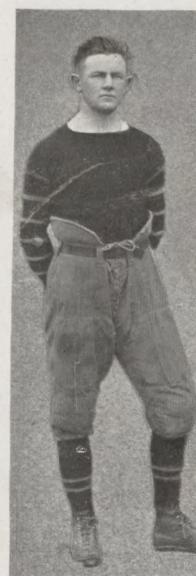

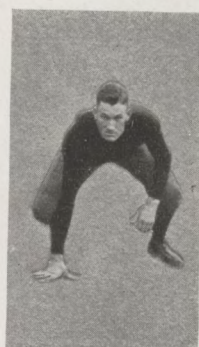

## No. 3. ROUSE, Full

"Senator" is an all round man. He had the pleasure of plunging the "Famous Harvard Line" for long gains, while in the service of his country at the Harvard Radio School. He was a tower of strength in his position, but played in hard luck this year with a bad ankle, much to the pleasure of his opponents. We regret to lose such a good man.

## No. 4. HARGROVE, End

"Hardup" takes the game serious. He is a wonder at receiving the forward pass and advancing the ball. He gets his man in every tackle. Although he leaves us this year, he leaves a record behind him. He played with the team in '17 and was coach for the S. A. T. C. last session.

No. 5. EURE, End

"Sheep's" principal strength was his pluckiness, few indeed were the gains made around his wing. Not only was he good on defense, but was a star on the forward pass, pulling more than one from the azure blue when it looked an impossible trick. He showed up much heavier men than himself, especially in the Ouachita game. He of course will be back next session.

No. 6. THOMPSON, Full-End-Half

"Drake" is another one of our utility men. His line plunging in several games of the season proved beyond question that he was better fitted for the back field. When he took the pigskin it was generally first down and ten to go. He will not be with us again as he finishes this year.

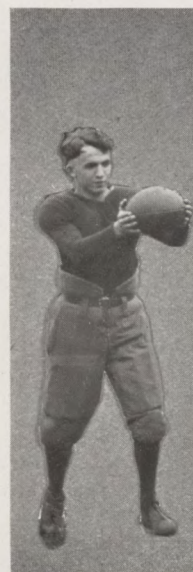

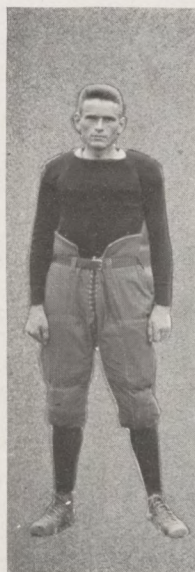

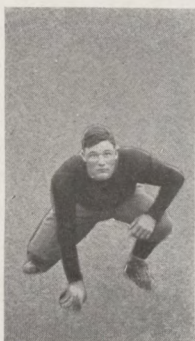

No. 7. TATE, Tackle

When time came to select a man to captain the team that was destined to be "State Champions" in '16, all interests were centered on "Pastor," one who commands the respect of every student, not only on the gridiron but in every student activity. He is a leader in deeds as well as words.

No. 8. STUART, Tackle

"Stuart" is one of our powerful tackles, who played in a class by themselves this season. He is a hard worker, and can face even a losing fight with a smile. The spirit of the game has ever been with him. We expect to number him among the miracle performers next season.

No. 9. CAYLOR, Guard

"Caylor" comes to us from Alabama. He is the heaviest man on the team, and holds his place at guard with the resistance of a Hercules. When the ball was called over that side of the line it was sure to result in a gain. We hope to see him back with the same determination next season.

No. 10. EVERETT, Guard

We call him "Teddy" and he is verily a bear when it comes to ripping the opponent's line. This is "Teddy's" first year, but he promises to be a star next year. He is one of the fastest men on the team, and will probably carry the pill next season.

No. 11. EDWARDS, Center

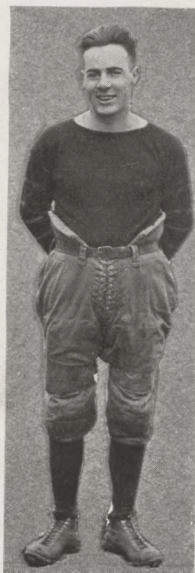

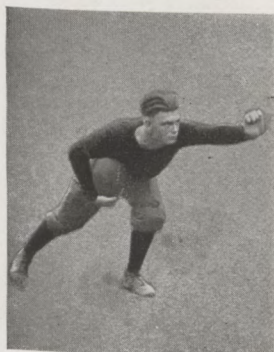

"Little Joe" is his name. He is a first year man only in name, for he takes football as serious as he did fighting the Germans. He is always there with the goods. He opens up and his passing is true. He is the first brick in the immovable wall Coach has in the making for next year.

No. 12. TYLER, Quarter-Half

"Pa" said I could play, therefore if Coach will let me, I will do my best. "Little Luke" is his name. He only tips the scales at 138, but his level head makes him the equal of real men. More than once he has proven his worth at Quarter. He carried the ball with equal coolness at right half. He also has great responsibilities awaiting him next season.

# 19 *Allegro* 20

## No. 13. BUSH, Full-Half

Bush is a cracking good full and a better half. He is death on fumbles and tackle plays, but played in hard luck this season, being out with an injured knee at the hardest part of the schedule, when we needed his valuable service. We regret that he will not return next year as he finishes.

## No. 14. MITCHELL, Half

"Mitch" came to us late in the season, but proved a valuable asset to the squad. When a gain was wanted through the line it was safe to give the pigskin to "Mitch." If he had been a little better equipped in avoirdupois he would have proven a terror to his opponents. We are sorry that he will not be with us next year.

## No. 15. GREER, End-Full

Mantel is a student wherever you find him. His wonderful ability to take coaching made him one of the best men on the team. He could play all positions equally well. It is gratifying to know that such material is at hand to fill the place made vacant by Rouse, who graduates.

## No. 16. LANSDEN, Half

"Tommy" is swift of foot and a good open field runner, but his greatest attribute was smiling at the Ladies the team met on the train. He will not return as he has chosen to return to his home state to study, having entered the U. of Alabama after the holidays. Luck to him.

## The Reserve Football Team

It is the "Reserves" from year to year, who make the "Varsity." And at times if we were generous we would be half inclined to give them first place. For it is they who tug day in and day out, through the cold and slime, wearing the castaway togs for a chance to show their ability, and at the same time batter the "varsity" into shape. It is in the scrub that we find the real college spirit, for what care they for black eyes, cuts and jars, if only the "Varsity" is made impenetrable through their efforts. We are sure with the spirit of the game imbued into their very souls, as they seem to have it, some of them will surely be back with their smiling countenances, fighting for a place on the Varsity next year. Among those who should be given special mention are Gandy, Tull, Lovell, Dickens, Windsor and Cooper. They were ever in the game, and aside from the showing made in the various games of the season, they were the stars of their respective class teams.

The Reserves had several games scheduled this year, but all did not materialize. Each one played was a victory, although the two first were scoreless ties—with Raymond A. H. S. and Meridian College. They were in theory victories as they were played on the opponent's gridiron.

With the development of a little more team work, they took the game from the strong Yazoo County H. S. by a score of 12-6. Thus making their record for the season spotless.

With many of this year's team graduating the reserves will come into their own next season. Having them to fall back on, no doubt M. C. will put out a winning team next session.

Varsity Basketball

## Basket Ball

This season's showing in basketball has proven M. C. to be far above the embryonic stage of the game. Captain King has, with his level head, steered the machine through a successful season. Among the old men who contributed their share to these successes, Barnett at center deserves special mention, his goal throwing was spectacular. Parks at guard also filled up the basket on several occasions, while the part played by Gandy and Cooper at forward was equally as marvelous. Lee at guard needs no introduction. His name is written on every page of athletics that has been written since his first appearance at M. C. Among the new men Walker S. L. Denman, and "Little" Walker also made their letter and contributed no mean portion to the cause. Only four of the fourteen games were lost. If space permitted we would like to relate the history of each game, but since it will not, suffice it to say that our old-time rivals, Millsapps and Clarke were given their usual dose, having taken all four games from Millsapps, and three of the four played with Clarke. We also administered the annual to the Normal in the shadow of her own goal posts.

If we were inclined to criticize, we would mention the possible weakness of our team for fouling. This was overshadowed by their superior guarding as will be seen from a glance at our opponents' score.

In closing we only promise to take advantage of this year's team work and experiences to make next season a crowning success. It is most time to revive the old anti-bellum spirit of winning the state championship.

# BASEBALL

Perseverance seems to be the motto on the diamond this season. Unlimited numbers of bright prospects are fighting for places. All tributaries are equally coveted, which proves that the spirit of the game is still in existence.

The pitching staff is unusually promising. With two twirlers of the old school, Snyder and Dubard, in fine trim. In addition Lyon and Edwards are destined to make records. The latter, a past master of the saliva-ball, will fill the shoes of "Lefty" Langston, who won fame at the twirling game "avant la guerre."

Bringing up the rear are such men as Parks, Lée and Nolen, who have already won fame. Others that promise to be good material are Cooper, Nichols and Dickens.

Among those who will take the scattering spheres from the azure blue Rouse, Ferguson, Eure and Tyler are sure to get their share, while Pittman and Lee R. E. are also making good.

With this unlimited source of material and the efficient tutelage of Coach Anderson, we are expecting the same record as has gone down in history with the basketball machine.

It seems that Coach and Manager Ferguson are as aware of these facts as the numerous spectators who spend their evenings on the side lines. For they have arranged a very strong schedule which includes several good trips worthy of the splendid efforts being expended by all the aspirants.
